Beth -

Attached is the Yamada FOIA request.

A link to the released records is below:

<https://foiaonline.regulations.gov:443/foia/action/public/view/request/81826c2b>

Some of the docs are redacted, others are not. Some of the docs were not released.

My remote access is down so apologies if this email is rough--I'm on my cell.

FOIA online will be going down tonight for an upgrade so I am hustling to get these docs to you before that happens. Until then, I wanted to send you the link.

Justin, there are docs from you marked deliberative that I am unsure were redacted. Copying you for your awareness.
